PC:

The above laptops are some current sale examples of laptops that meet the minimum requirements. We are recommending that you get a device with at least 4GB of memory and make sure it has a Wi-Fi card. Keep in mind you will also need a word processing program, and excel type program, and a presentation program; i.e. Microsoft Office 2013. We will also be offering some free alternatives that are not as fancy as the previously mentioned, but will also work. Anti virus protection will be required before going onto our network.

MAC:

The above laptop is some current example (with an educational discount) of a MacBook Pro that meet the minimum requirements. We are recommending that you get a device with at least 4GB of memory and make sure it has a Wi-Fi card. Keep in mind you will also need a word processing program, and excel type program, and a presentation program; i.e. Microsoft Office for Mac or Keynote, Numbers and Pages. We will also be offering some free alternatives that are not as fancy as the previously mentioned, but will also work.

iPad mini 2 Wi-Fi 16GB - Silver

\$299.00

The above iPad meets the minimum size and network capability. **Pease do not buy an iPad with 3G capabilities, as it will not be allowed to be used here at school.** This iPad already comes with Keynote, Numbers, and Pages apps already preloaded on it.
